

# Teammate grading form

In the spaces below please fill in letter grades (A+, A, B+,..., F) for each of your group project teammates *and yourself* in random order and very briefly explain why you are giving them that grade. This should be anonymous, so please do not indicate who you are in any way. No one wants to know. ;)

Group number or name: **KA Group**

Name	Grade (A+ to F)	Explanation
<b>Kuznetsova Ekaterina</b>	<b>A+</b>	Participated actively in discussions, offered various suggestions, and delivered quality work on the agreed upon deadlines. Material was well researched and had good support. Good and timely communication, and took initiative in setting deadlines and reminders.
<b>Harin Jung</b>	<b>A</b>	Active participation in discussions and delivered quality work on the agreed, with the research being well done. Was not aware of the final submission deadline for the final report and was not the most active in replying because of illness, which was not mentioned until the day of submission.
<b>Seoyeon Yoon</b>	<b>B</b>	At first active participation, but stopped actively replying and participating in discussions after scenario submission. After the walkthrough assignment she let us know she was going to retake the class and didn't do the assignment. Said she would and in the end did do it, but submitted incomplete work that scored 100% on an AI detector, and ended up being more work for the rest of the team, as she didn't respond to requests of adjusting it.
<b>Angela van der Meulen</b>	<b>A+</b>	Active participation, offered suggestions and took initiative in setting up meetings, deadlines, and reminders. Submitted work on time and with great care. Research was well supported and timely communicated, active communications in chatrooms and submitted the assignment on behalf of the group.
