

# Teammate grading form

In the spaces below please fill in letter grades (A+, A, B+, ..., F) for each of your group project teammates *and yourself* in random order and very briefly explain why you are giving them that grade. This should be anonymous, so please do not indicate who you are in any way. No one wants to know. ;)

Group number or name: Seoulmates

Name	Grade (A+ to F)	Explanation

Zoja	A+	Did their part of the assignment and did not cause any issues with the submission of the assignment or cause any delays with their assigned part.
Alaya	A++	Did their part of the assignment and did not cause any issues with the submission of the assignment or cause any delays with their assigned part.
Zuali	A+	Did their part of the assignment and did not cause any issues with the submission of the assignment or cause any delays with their assigned part.
Siming/Serena	?	Was present at the start of the assignment and participated with the creation of our group scenario but then went on academic leave to china but this was not communicated to the team until after the assignment was completed. This was not an issue during the individual part of the data scenario walkthrough, however when collaborating for the final assignment, Alaya took over writing the part that would have been assigned to Serena.
