

Teammate grading form

In the spaces below please fill in letter grades (A+, A, B+, ..., F) for each of your group project teammates *and yourself* in random order and very briefly explain why you are giving them that grade. This should be anonymous, so please do not indicate who you are in any way. No one wants to know. ;)

Group number or name: HanGyul Park Group

Name	Grade (A+ to F)	Explanation
Han-Gyul Park	A+	He quickly created a Google Doc page, which helped team members share their initial brainstorming ideas and brief thoughts from the early stage of the project. He always responded promptly and listened carefully to other team members' opinions.
Jihyun Lee	A+	She listens well to others and is very kind. In particular, when team members have different opinions, she helps create a comfortable and positive team atmosphere and encourages others to share their thoughts more freely.
Yunjin Kim	A+	She is always proactive and has strong initiative. She helped the team manage time effectively by organizing the schedule together, and she contributed many ideas that gave the team momentum and energy.
Alexandra Siewart	A+	Her attentive listening attitude is something I learned a lot from. She listens carefully to others' opinions and quickly suggests alternatives when difficulties arise. She is thoughtful and good at keeping the team focused on the main points of the assignment.
