

# Teammate grading form

In the spaces below please fill in letter grades (A+, A, B+, ..., F) for each of your group project teammates *and yourself* in random order and very briefly explain why you are giving them that grade. This should be anonymous, so please do not indicate who you are in any way. No one wants to know. ;)

Group number or name: The Sunflowers

Name	Grade (A+ to F)	Explanation
Nour	A+	Was flexible with planning and always showed up on time for group meetings. Shared her ideas constructively and managed to help others whenever they struggled framing their thoughts. Was basically steeldmanning everyone's arguments during discussions. Also majored in development for undergrad, so could both help us understand and add a lot of nuance to our topic and group discussions.
Vivian	A+	Was flexible with planning and always showed up on time for group meetings. Helped particularly well with the writing portion of our assignment. From introduction to conclusion and merging paragraphs and the transitions between them.
Martin	A+	Was flexible with planning and always showed up on time for group meetings. Helped with initial planning stage and making sure we stayed on the right track in terms of the big picture.
Emily	A+	Was flexible with planning and always showed up on time for group meetings. Whenever we encountered issues with synthesizing our ideas into new coherent paragraphs, she helped a lot with suggestions on how to resolve it.
